DESIGNER SELECT PROGRAM

Price List And Catalogs

Designer cost is half off suggested retail. The MSRP price list will say DMM on the lower right corner of the page.

Stain Samples And Fabric/Leather Swatches

Wood color samples (small 4"x4" samples) may be purchased for \$2 each or \$150 for the complete set. Fabric & leather swatches are \$5 each. Shipping costs are added to all sample orders. You may preview our samples by visiting <http://www.simplyamish.com/choices/> but you must have an actual sample sent to you for approval before we will accept your order. Fabric and stains do not display accurately on a computer screen.

Premium Wood Samples

The samples showing our Olde World finishes are available for \$20 each. These are larger samples that show the options available in Olde World including the hand plane and distressing.

Freight

As a service to our designer select accounts, we will crate and pack every order. Just like fine art, the items are foam wrapped, then positioned inside a wooden box. We are able to drop ship it anywhere. We require an accurate delivery address. Please indicate whether it's a dock, curbside, or white glove delivery so we may provide an accurate freight quote. We will need to know exactly what you are ordering to provide this freight quote.

Freight costs will be calculated on an order by order basis and added to the invoice.

Warranty

Our normal lifetime warranty applies to all products for residential use. See page 3 of our catalog.

In all cases if the product is for commercial use the warranty will be for 3 years unless otherwise specified. This warranty will cover defects in craftsmanship or materials. We will need to have the items returned to our distribution center so we can repair or replace as needed. We do not cover the cost of transporting the furniture (either way) beyond our normal truck routes. These costs would have to be calculated on a case by case basis. Commercial use is anything outside of normal residential use.

Returns

Returns to us for warranty or other reasons are the responsibility of the designer/consumer. If the item being returned is along one of our standard truck routes we will do what we can to accommodate for that return.

Payment

We will require a 50% deposit on all orders. This deposit may be paid using a credit card or check. Balance will be due upon completion and before shipping unless otherwise approved by Simply Amish.
